NO WELCOME FOR THE ROYAL SCROUNGER!

Charles Windsor will pay a visit to Ireland begining May 31st.

Our politicians are planning to wine and dine him. Hundreds of thousands of pounds of our money will be spent on this affair.

This man is the world's best known scrounger. He, like the rest of his family, is rich and selfish. They have never done a days work in their lives.

His mother, the Queen, has stocks and shares worth £340m, jewellry valued at £3.5m and hundreds of works of art worth over £150m.

Charles himself owns half of Cornwall, while his former wife spent £1m last year on a holiday home in France.

They are showered with British taxpayers money to finance their obscene lifestyle, while everyone else suffers low wages, long hours, bad housing, poverty and insecurity.

Charles Windsor is also the Colonel-in-Chief of the British parachute regiment which has murdered 45 unarmed civilians in Northern Ireland, including 13 people in Derry on Bloody Sunday.

Windsor was one of the first to support the campaign to free Private Lee Clegg, the only Para ever to be convicted of murder.

The welcome Windsor gets from us should be the kind of welcome James Connolly gave a hundred years to another great scrounger, Queen Victoria.
